Lenovo 13w Yoga Gen 2

Built on the new Windows 11 platform and packed with next-generation AMD Ryzen™ processors, Lenovo 13w Yoga Gen 2 supports instructors and administrators across every classroom, campus, and learning environment. Upgradable memory and storage options easily adapt to increased workloads, while an array of ports and connectivity options, including Wi-Fi 6 and optional LTE CAT16, offer faster connectivity while uploading lessons or connecting virtually with students and peers.

This versatile, portable device is built for the way modern educators create, share, and grade content with features that include an FHD IPS Touch display with 16:10 aspect ratio, user-facing Dolby® Audio speakers and mic tuning, optional FHD IR camera for Windows Hello sign-in, and a garaged Active Stylus plus new Pencil Touch technology. A 360-degree hinge enables Lenovo 13w Yoga Gen 2 to transform to the task at hand, yet its ruggedized design withstands everyday bumps, drops, and spills to ensure that learning never stops.
