USB 3.0 Docking, Dual DP/4k

Article number: 4191037

Modern Ultrabooks are becoming smaller and thinner, resulting in fewer ports and thus making it more difficult to connect the necessary peripherals. The solution is the universal USB 3.0 docking station. Using this device, it is possible to connect 2 monitors, network, speaker/microphone and 6 other USB peripherals at the same time to your computer with just one single USB 3.0 cable. USB 3.0 technology delivers fast transfer speeds and Gigabit Ethernet. The highlight of this docking station are the 2 DisplayPort resolutions of up to 4k at 60 Hz..
