- A clear view: highly transparent ultra-clear material in HD quality for a perfect, undistorted view of the display
- Recycled plastic: the EcoFrame mounting frame is made from 100% GRS-certified, recycled ABS plastic
- Three simple steps to display protection: clean the mobile phone display, put the EcoFrame mounting aid on the display, pop the mobile phone protective glass on top - done
- Full-screen coverage: the protective glass offers complete protection of the front of the smartphone, from the display to the edges
- Precisely cut out: CNC-milled with such precision that the cut-outs, e.g. for the camera, are minimised to guarantee maximum coverage of the display
- "Perfect touch" surface with anti-fingerprint coating
- Case-friendly: the special design means it fits all mobile phone bags, sleeves and cases
- Attaches in an electrostatic way, therefore no adhesive needed, can be removed without leaving any residue
- 100% compatible with fingerprint sensor: ultra-thin protective glass for easy fingerprint unlocking of mobile phones
- And so the circle closes: this product is made up of at least 20% recycled materials, enabling us to take part in an eco-friendly cycle
- FSC-certified: the paper and cardboard used in our packaging comes from sustainable forest management - enabling us to take a resources-sparing approach to the raw material of wood
- Antistatic microfibre cloth for cleaning the sensitive display
- High-tech real glass: just 0.33 mm thick
- Can be removed without leaving any residue

Note for Consumers:
