

### Targus® Wireless Air Pointer Presentation Remote Control Compatible With Windows and Mac - Black/Grey

- Compatible with Windows®/Mac®
- Motion-sensing mouse-like functionality to control different applications and initiate commands without using a separate mouse
- Call out key points on slides displayed on any TV/projection screen in the room, and through virtual webinars using the E-laser pointer
- Dual connectivity with Bluetooth® 4.2 or 2.4 GHz wireless connection
- Up to 20 m (66 ft) range with the 2.4 GHz connection
- Up to 10 m (33 ft) range with the Bluetooth® connection
- Ergonomic design allows ultimate comfort in either hand
- Pen/eraser function to draw and erase notes in presentation
- Volume controls for music and videos
- Control buttons for next/previous page, exit/resume presentation, and darken screen

Deliver flawless presentations with the Targus Air Pointer. With this feature-rich remote, call out key points in your slides whether your audience is in the room or online using the virtual e-laser function; turn your remote into a mouse and interact seamlessly with presentation using the motion-sensing air pointer; and present confidently anywhere with two connectivity options –USB or Bluetooth®.

Designed for comfort, the remote features intuitive button controls so you can navigate slides, adjust the volume, and dim the screen with ease. You can even draw attention to your main points with the pen/eraser feature. Compatible with both Windows® and MacOS® – it's always at-hand and ready for your next meeting.
