Ergo BT + USB A/C Mouse Black

Article number: 4582514

The ARTICONA ergonomic Bluetooth + USB-A/C mouse has multi-device functions. With a USB A/C dongle and two different Bluetooth options, the mouse can be easily connected and switched between 3 devices. This quality mouse is not only practical but also has an elegant design. The upright, inclined hand position reduces muscle strain and relieves pressure on the wrist. A 2400 DPI sensor allows precise motion detection on most surfaces and significantly reduces the amount of required hand movements.

- Multi-device function
- USB-A/C dongle and 2 different Bluetooth options
- Ergonomic shape
