## Product Summary

# Tungsten Power PDF Advanced

The Leading PDF Software  
Built for Business Users

## The Ideal Enterprise PDF Solution

Tungsten Power PDF™ is the perfect document management tool for all business users—a single product that's easy to use for simple tasks, and robust enough to handle the most demanding requirements.

## Power PDF Advanced Advantages

### **Immediately familiar user interface enables quick adoption and boosted productivity**

With a Microsoft® Office-style ribbon, Power PDF Advanced provides ease-of-use familiarity enhanced by customer input over twenty years. The Quick Access Toolbar lets you conveniently create shortcuts to features and capabilities.

### **Superior document conversion accuracy saves time and effort**

The latest Tungsten OmniPage OCR delivers peak performance in converting PDFs and scanned files to Microsoft Office. Find quicker results in two ways: pinpoint text accuracy on poor images saves time proofreading, and superior format accuracy reduces manual effort in correcting headers, footers, numbering, tables and more.

### **New: View your data in the next dimension with 3D Support**

Power PDF now supports the 3 most common 3D PDF file formats of PRC, U3D, STEP. Render objects to manipulate and view a 3D model. Rotate, spin, pan, zoom, and much more.

### **New: Cloud License Server (Business only)**

Manage compliance, reports, users, and tenant details in the cloud. Includes Single Sign-On via Microsoft Entra ID and Google Identities Management.

### **New: Toolbar Customizations (Business only)**

Customize the main ribbon toolbar, including both main and context-sensitive tool tabs, and add custom tabs.

### **Collaboration Server (Business only)**

Work together across the enterprise and around the world Enterprise users can collaborate on PDF documents in real-time across the enterprise, in the office and remotely, supporting dynamic teamwork and a seamless workflow.

### **New: Streamline and customize efforts with Dynamic Stamping**

Ensure consistency across your documents with enhanced stamping. Change the size, color, background, rotate, and apply with the automated sequencer. Exhibit stamping for Legal is simpler and easy to use.

### **Fuzzy Search capability**

Perform a Google-like proximity search instead of exact search. Expand your results to find typos, different word orders, etc.

### **Tungsten SignDoc® delivers complete electronic signature functionality within Power PDF**

Tungsten SignDoc integrates directly into Power PDF, delivering end-to-end electronic signatures and verification with no separate web application required, improving efficiency and security (separate purchase is required for full integration).

### **Power PDF Mobile**

Collaborate on any device, anywhere at any time. View and work with PDF files whether you are on a Microsoft Surface or an Apple iPad. View, markup, sign, and send to print directly from your device. Supports iOS 13.6+ and Android OS 8.1+ devices.

## **Benefits of Power PDF Advanced**

### **Don't labor over PDF conversion to Microsoft Office**

Converting the text and then spellcheck quickly fixes text errors. Don't worry about formatting errors—Power PDF vastly boosts productivity by delivering the finest format fidelity in Microsoft Word®, Excel® and PowerPoint®.

### **Utilize latest PDF security and enterprise rights management**

Protect PDFs with password permission and certificate security controls up to 256-bit AES encryption. Support for Microsoft Information Protection Services and Microsoft Azure Rights Management Services.

### **Redact sensitive information and remove metadata**

Dependable and flexible redaction via pattern search and metadata scrubbing to protect confidential information. Redaction marking color can now be customized (NEW). Error prompts also ensure redactions are applied correctly, everytime.

### **Automate repetitive action sequences with batch and watched folder processing**

Employ watched folders for automated creation of PDF from all supported source files. Use batch processing with sequences for sophisticated document actions like extracting pages by search terms.

## **Key Benefits**

- Work intuitively in a familiar Microsoft Office-style user interface
- Create PDF documents compliant with the latest PDF 2.0 and PDF/A-4 standards
- Convert all PDF files to Microsoft Office with best-in-industry text and format recognition
- Convert static to fill-able PDF forms in a single click
- Scan paper documents and in one step, render as Searchable PDF
- Assemble documents from Microsoft Office and image files via page preview selection
- Edit text and images with ease
- Employ the latest PDF security up to 256-bit AES High Security encryption
- View, markup and sign PDFs on iOS and Android mobile devices

## **System Requirements**

- 1.5 GHz or faster processor
- Supported operating systems:
  - Windows 11
  - Windows 10; 32-bit and 64-bit editions
  - Windows 8.1; 32-bit and 64-bit editions
  - Windows Server 2012 R2, 2016, 2019, 2022
- Citrix® Virtual Apps, Citrix XenApp, Windows Remote Desktop Service
- 1 GB of memory (RAM) or greater
- 1 GB of free hard disk space for application files.
- Web access needed for product registration, activation, product help, and obtaining live updates for the program.
- Microsoft .NET Framework 4.8. If it is not detected, it's installed with the product.

**Note:** Performance and speed will be enhanced if your computer's processor, memory and available disk space exceed minimum requirements.

## Integrate Power PDF with document management systems

User Power PDF integration with Microsoft SharePoint®, iManage Work® and eDOCS®. Connect to Box®, DocuShare®, Dropbox™, EMC Documentum®, EnterpriseConnect, Evernote, Google Drive®, HP Trim®, NetDocuments®, OnBase®, OneDrive® and Worldox®.

## Intelligently manage how you assemble documents

Assemble new PDF documents from Microsoft Office and image source files by selecting pages from a visual preview. Remove blank pages with the enhanced sequencer and extract pages based on your search results—a huge timesaver compared to combining entire files and editing manually.
