CartiPad Cart - Trolley with one CartiPad

SKU: UNO-EU

CartiPad Cart - Trolley with two CartiPads

PRODUCT

The CartiPad Solo charging cabinet can accommodate up to 16 Tablets or Notebooks and, thanks to its modular design, be customized for all your mobile computing devices up to 13 inches screen sizes. This charging cabinet does not require any new electric cables and the required ones are included in the scope of delivery. The CartiPad Solo uses the original, existing power supply to your devices and is ready for immediate use! It is possible to stack additional CartiPad Solo units to store and charge more Tablets or Notebooks.

FUNCTIONS

CHARGING CABINET

- Store and charge 16 Devices safely
- Structured powder coating
- Modular inserts
- Rubber-, non-slip interior
- Stackable or mountable on the wall
- Convection cooling lets heat escape
- Comes fully assembled (which makes it ready for use quickly)

SKU: DUO-EU

 Included in the scope of delivery are all necessary tools to set up and use the charging cabinet - from assembly parts to electricity
