

## Lock

00126821 "USB" Laptop Lock, 4-digit Combination Lock, Carbon Steel, silver

### Highlightstext:

- Handy security lock for laptops, etc.: for securing notebooks and other devices with a USB port against theft
- Safety cable made of sturdy carbon steel, covered with protective plastic
- Hook and loop cable tie enables good cable management without tangled cables
- Universal USB port lock: suitable for all devices with a USB-A port
- Laptop combination lock for retrofitting: especially for convertibles and ultrabooks without a locking slot
- Locking code: 4-digit, resulting in 10,000 combinations
- Strong steel cable: 5.5 mm diameter for theft protection
- Easy to use: the laptop lock can be attached with flexibility and secured to furniture such as tables, chairs, etc.

### Note for Consumers:

This notebook lock is intended for use on USB sockets in accordance with the USB specification.

In the case of special formats of the USB socket of the type found on particularly compact devices, the mechanical cut-outs may be missing. The notebook lock requires these cut-outs to lock securely. On these devices, the function of the lock may be restricted as a result.
