

PFW 4210 Display Wall Mount

Key Benefits

- Easy to install
- Stylish design
- Theft prevention

The PFW 4210 Display wall mount is suitable for 10 to 43 inch displays weighing up to 30 kg. The wall mount can tilt up to 15° in steps of 5°. The PFW 4210 locking tilting wall mount helps protect flat panel displays in public areas against theft. The PFW 4210 mount is especially designed for hospitality and public areas that cannot be continuously supervised. The locking mechanism securely locks the display in place, while still allowing easy access to the display or TV for servicing. The lock also prevents the display from being accidentally knocked off the wall. For displays mounted high on the wall, tilting the display forward helps create a better viewing angle.

PFW 4210 Display Wall Mount

Specifications
