The Neomounts by Newstar FL50-550BL1 is a mobile floor stand for flat screens up to 70" with a maximum weight capacity of 50 kg. The floor stand has four height settings and a tilt option (17°) to create the optimum viewing angle. Additionally, the FL50-550BL1 includes a separate multimedia and height adjustable camera shelf.

The trolley features four solid castor wheels -of which two with brake- that allow you to use the floor stand wherever you like. A clever cable management system conceals and routes cables from mount to flat screen.

The FL50-550BL1 is compactly packed for optimized transportation and storage.

*Please note: The inch sizes stated are just an indication, combined with the weight and VESA sizes. The maximum weight and VESA size are absolute restrictions for the products and should not be exceeded.
