

Keyboard wired

00182681 "KC-200" Basic Keyboard, black

Highlighttext:

- Reliable, sturdy keyboard with classic key layout for all PC applications
- Protection from splashes of water thanks to liquid drain
- Tilt adjustment allows the position to be adjusted for greatest comfort
- Control multimedia functions at the press of a button via the secondary assignment of Fn keys - without having to involve the tedious steps of changing system settings
- Fast, easy cleaning and pleasant typing thanks to flat, individually positioned keys
- The full-format keypad provides you with the full-sized, familiar keyboard standard
- Non-slip rubber feet for secure stand
