

ThinkSmart One for ZOOM

ThinkSmart One for Zoom is a 10.1", multi-touch device that brings meeting spaces online with just the tap of a button. Powered by 11th Gen Intel Core i5 processor and Intel Iris Xe Graphics, it comes with Zoom Rooms application preinstalled to enhance productivity and enable in-person and remote participants to interact in real time. The device also features 8GB DDR4-3200 memory, 256 GB M.2 2280 SSD storage and supports 2 external monitors via 2 × HDMI ports.

Purpose-built to improve productivity and collaboration

Combining innovative technology with personalized services, ThinkSmart solutions will improve the way employees work together in today's work-from-anywhere world.

It is accompanied by a range of multi-media features including, 15W × 2 stereo speakers, 8 microphones for 180° audio capture and an integrated high-resolution camera with privacy shutter to provide the conference room experience you've always wanted.

From Gigabit Ethernet and Intel Wi-Fi 6E to USB-C 3.2 Gen 1 and microphone jack, the device is packed with smart network connectivity ports for wireless content sharing.

The devices comes with preinstalled Zoom software, 8 microphones, 15W × 2 stereo speakers and high-resolution camera to enhance video conferencing experience.
