

STORE AND CHARGE GO

For mobile devices including Chromebook™ computers, laptops, and tablets

ALL DEVICES WELCOME

Store and Charge Go is the ideal solution to store and charge multiple devices safely and conveniently. A base unit stores up to 10 devices and can be attached securely to a desktop or wall to save space. Removable five-compartment trays add portability for easy transportation. Able to charge up to 10 devices at the same time, while housing all charging cables neatly within the base unit, Store and Charge Go offers a universal storage solution for Chromebook computers, laptops, tablets, and more.

PRODUCT STORY:

- Research: Alleviate challenges of storage, charging, and distributing mobile tech in the classroom. Including: limited space for device storage in classrooms, and time wasted in retrieving devices from single-storage locations. Must also offer multiple-device compatibility for Chromebook computers, laptops, and tablets.
- Competition: Bulky, expensive wheeled carts, single-device options, DIY setups.

At a Glance:

- 2 x 5-unit removable trays for portability (B2B140/B2B160 only)
- Charges 10 devices simultaneously
- Compatible with multiple device types and brands
- Wall-/desktop-mountable base
- Base unit houses all chargers and cables
- AC/USB-compatible
- Includes surge protection (AC version) or over-current protection (USB version)
- Connected Equipment Warranty* (AC and USB versions)

STORE AND CHARGE GO

For mobile devices including Chromebook™ computers, laptops, and tablets

BENEFITS:

PORTABILITY IMPORTANT?

Store and Charge Go includes removable trays for added portability. Designed to fit snugly within the base unit, these five-device trays feature easy-carry handles. This makes it easy to bring devices from the place of charging to the classroom, or even around the classroom for time-saving distribution among students.

COST-EFFICIENT

With so many features built-in, Store and Charge Go offers a high-value solution that delivers a low cost per device—essential for today's cost-sensitive classrooms. The simple, effective, and scalable design keeps installation and setup costs minimal, and requires little to no maintenance on a day-to-day basis.

MULTI-DEVICE COMPATIBLE

Able to house up to 10 mobile devices, Store and Charge Go accommodates Chromebook computers, laptops, and tablets—with or without cases. This means simultaneous charging for different devices, from different brands, using different charging connectors—with the added bonus that new devices will also slot in seamlessly. What's more, this compatibility allows configuration to different regions using AC or DC power supplies, surge protectors, even USB chargers for ultimate flexibility and convenience.

AC OR USB CONFIGURATION

Available in two different configurations for seamless integration to a classroom environment. The AC version includes a surge-protected power source with outlets and an on/off switch, plus a Connected Equipment Warranty to protect connected devices up to £10,000.* The USB version includes a 10-port USB-A power source with full 120-watt power rating (2.4 Amps max per port), plus a Connected Equipment Warranty up to £3,000.*

SPACE-SAVING SPECIALIST

The 10-device base units are designed to be mounted safely to a desktop or onto a wall, giving maximum flexibility and saving valuable classroom space.
