ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

## Patch Cable RJ45 S/FTP Cat6a LED Grey

Article number: see below

The light-up ARTICONA LED patch cable with light source adapter makes it easy to identify port connections in a network cabinet. Each plug on the LED patch cable has an open contact on the back. The light source adapter is simply plugged into this opening on one side of the cable. When you flip the switch on the enclosure, the boots on both plugs will light up, making it easy to keep track of which ports are connected even after plugging and unplugging the cable several times. You'll never accidentally disconnect a cable again!

- For transfers up to 500 MHz
- Plug housing with latch boot
- Boot incl. LED for easy identification of corresponding connectors
- LED functionality for connections up to 50m
- Pin allocation: 1:1 EIA/TIA 568B
- S/FTP, AWG 27/7
