

ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

ARTICONA GRS Enlarge 14.1 Backpack black

Article number: 4815568

ARTICONA gives the plastic of the used bottles a „second life“ by reusing this resource. As a result, the plastic bottles do not end up as waste in the ocean but are turned into bags. A second life to serve a good cause and protect your work equipment.

How recycled and dyed polyester, as used in this product, can itself be recycled and reused, so that the „third“ and „fourth Life“ of the raw material can also be achieved, is still a matter of scientific research. Enabling a „second life“ of resources is already special in this textile area, because only 15% of the polyester used consists of recycled material - recycled PET bottles, as recycling of the dyed fabric is not yet possible (July 2022).

With this ARTICONA backpack, we are participating in the circular economy through the verifiable use of recycled materials, as far as this is currently possible. Are you in?

Highlights:

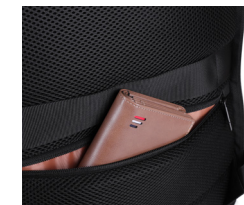

- Versatile everyday companion at work and in private: minimalist design with option to expand storage space in leather look
- Optimum storage space in a compact form
- Water-repellent material that can be easily wiped clean if slightly soiled
- Double zipper on main and front compartment
