The Lindy 45m HDMI 8K60 Repeater is a high end solution for extending top-quality HDMI signals up to distances of 45m for full HD, 25m for 4K60 and 10m for 8K60 signals, while ensuring a superior reliable transmission with no degradation. This repeater supports a maximum resolution of 8K 60Hz for superior video quality, and with additional support for HDMI 2.1 features such as dynamic HDR, DSC, HFR, VRR, QMS, QFT, ALLM; automatic EQ (sharpness) adjustment will ensure an optimal signal clarity. HDCP pass-through also assures the user that all contents can be played on their display.

Featuring a sleek minimalistic design, the repeater is ideal for use with professional AV/IT setups and home cinema installations that require long length transmissions in limited space environments, or for creating a more discreet installation. The unit can be powered from the HDMI source device and also via the USB Mini-B port connecting a 5V charger if needed.
