

Keyboard/Mouse Set

00182686 "KMW-600" Multi-Device Keyboard / Mouse Set, black/anthracite

Highlighttext:

- Mouse and keyboard set for the wireless control of computers, smartphones and tablets via Bluetooth or radio in combination with the USB-A receiver
- Everything in one place: whether it be a home office or office workstation, with the integrated holder for a tablet or smartphone, you have all your devices in view at a pleasant angle
- Fast, easy cleaning and pleasant typing thanks to flat, individually positioned keys
- dpi switch for adjusting the pointer speed
- The ergonomic shape nestles comfortably in your right hand, allowing comfortable working for right-handed users
- One button press is all that's needed: you can call up 7 separate multi-media functions such as pause, calculator or volume for productive working without any need for programming
- Control multimedia functions at the press of a button via the secondary assignment of Fn keys - without having to involve the tedious steps of changing system settings
- Fn lock for rapid switches between first and second assignment of the keyboard. Handy if you use the multimedia functions much more often than the functions of the F keys, for example
- Laser-etched buttons for a high resistance to wear
- Intelligent energy management activates standby mode when not in use
- Separate on/off switch allows for energy-saving use of the devices
- Easily change between the computer, smartphone and tablet at the press of a button
- Dual-connection function (Bluetooth or 2.4 GHz)
- Wrist rest on the keyboard ensures relaxed typing
- Switchable sensitivity between 1000, 1600 and 2400 DPI
- Practical LED light indicates whether devices are connected and which type of connection is active

System Requirements:
