Exceptional Capabilities in Minimalist Design

ThinkCentre neo 30a 22 All-in-One Desktop

Embrace everyday work challenges with the new 21.5-inch ThinkCentre neo 30a 22 AIO that packs leading-edge performance into a stylish, space-efficient design. Its Wide Viewing Angle (WVA) FHD 16:9 display with ultra-thin bezels lets you enjoy a crisp, true-to-life immersive experience while the wide aspect ratio gives you more room to work with.

The 12th Gen Intel® Core™ processors elevate your performance manifold, delivering all the power and modern features you need. Thoughtfully engineered, it features advanced security and privacy features along with cutting-edge collaboration tools such as Smart Voice, giving way to seamless meeting experiences. Innovative features paired with an eco-conscious design and expandable storage make it a smart choice for ecopreneurs and business executives who seek a modern device for their workflows.

ThinkCentre neo 30a 22

All-in-One Desktop

A Purposeful and Stylish Desktop
for Everyday Business

Lenovo

FAST RESPONSIVENESS: accelerate your productivity with the latest Intel® 12th Gen processor. Enjoy seamless content creation and consumption with the integrated graphics card support, while the powerful DDR4 memory helps you take care of everyday tasks and collaborative needs with ease. SSD storage can be expanded up to 512 GB, so you can smoothly run multiple apps and browser tabs all at once.

SOPHISTICATED DISPLAY: experience crisp images with sharp details on the superior 21.5-inch WVA FHD display. With its high screen-to-body ratio and 16:9 aspect ratio, professionals have more space for work, play, and multitasking. The anti-glare panel comes with TÜV Low Blue Light certification assuring reduced harmful blue light, while Low Frequency Flash certification ensures optimal eye comfort while working. Moreover, you can engage in worry-free video conferencing with the pull-out retractable camera designed for your safety and privacy when not in session.

EFFORTLESS MEETINGS: the new AI Meeting Manager provides access to several tools to help you manage and attend online meetings, including Translator, Voice-to-Text, Subtitles, and Meeting Notes Editor. Stay camera-ready for virtual conferences with Lenovo Smart Appearance (Lenovo View) that lets you enhance your appearance and background. Voice interaction with Alexa supports Show Mode that allows you to use your device as a voice-controlled smart display. Smart Voice filters out background noise and picks up your voice from a single direction or from all directions in a multi-participant meeting for seamless video conferencing.

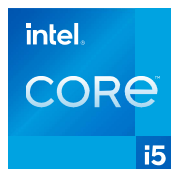

EASY CONNECTIVITY: accomplish more and connect more with ThinkCentre neo 30a 22 full range of ports that include two USB 3.2 Gen 2 and two USB 2.0. Taking device collaboration to the next level, it is now easier with an optional Smart Cable to instantly connect two computing devices while simultaneously operating them within one screen. Also, you can now transfer pictures, videos, and files with a simple drag-and-drop.

Why you should buy the ThinkCentre neo 30a 22

IMPRESSIVE PRODUCTIVITY: multitask seamlessly with the latest Intel® 12th Gen processor and DDR4 memory that deliver high performance for powering essential business operations, no matter how demanding the task is.

PHENOMENAL COLLABORATION: experience intuitive and organized online meetings with AI Meeting Manager that provides superior translation, voice-to-text capabilities, and subtitles. Lenovo Smart Appearance lets you enhance your appearance and apply camera effects on the fly during meetings. Smart Voice provides options to customize the audio mode during meetings, while AI-based noise cancellation filters out distracting background noise. The Voice Interaction (Alexa) allows your device to work as a voice-controlled smart display.

SUPERIOR SUSTAINABILITY: designed for ecopreneurs, keeping the environment in mind, the AIO is made with recycled materials and is certified for Low Halogen, and EPEAT™ silver. Energy Star® 8.0 certification attests it as an energy-efficient device with low power consumption, while Low Noise certification guarantees a silent system performance.

Solutions for a cohesive experience

SMART CABLE¹
(PN: SC11D96395 / SC11D96396)

This portable plug-and-play cable enhances desktop computing and storage sharing capability to work seamlessly between two computing devices. Smoothly operate two devices within one device screen—switch each device within the same screen with full right to access, copy, move, delete, edit, save, and close applications. Transfer pictures, videos, and files with a simple drag-and-drop, using just one keyboard and mouse.

THINKVISION T27q-20 MONITOR²
(PN: 61EDGAR2WW)

Boost your productivity with ThinkVision T27q-20, a 27-inch monitor equipped with a QHD, In-Plane Switching (IPS) panel for distortion-free images. The 3-sided Near-Edgeless bezel offers a wider screen real estate, while the versatile connection options, including HDMI, DP, and multiple USB 3.1 Gen1 ports, facilitate easy connectivity with peripherals for faster and smoother data transfer.

LENOVO PROFESSIONAL WIRELESS COMBO²
(PN: 4X30M39xxx)

Connect both keyboard and mouse seamlessly using a wireless 2.4 GHz dongle. The spill-resistant, wireless keyboard with low profile island-style keys and adjustable tilt leg is responsive and easy to use. The full-size wireless mouse accommodates left- and right-handed users with an ambidextrous design, and 1200 DPI resolution gives more precision and control. It comes with a one-year warranty.

LENOVO 100 STEREO USB HEADSET²
(PN: 4XD0X88524)

An on-ear business-ready stereo USB headset comes with a rotatable boom microphone and passive noise cancellation, making it perfect for calls and music. Its memory foam and leather earcups make it light and comfortable enough to wear and use all day. 30mm drivers with neodymium magnets deliver excellent audio, while its adjustable headband and boom mic allow either left-side or right-side wearing.

RECOMMENDED SERVICES

Lenovo offers a comprehensive portfolio of services to support and protect your investment—so you can focus on your work, not your IT. Our portfolio of services supports the full lifecycle of your Lenovo IT assets. From initial strategic planning to customized configuration, deployment, support, protection, security, and asset recovery—Lenovo has solutions to help you embrace new workplace technologies.

Premier Support

Premier Support provides direct 24x7x365 access to elite Lenovo engineers for comprehensive hardware and OEM software support, priority on service delivery, repair of parts, and many more. This ensures that customers' issues and concerns are resolved quickly, saving them costs and enhancing productivity.

Lenovo Device-as-a-Service (DaaS)

Combine hardware, services, and software into a single, flexible solution to maintain predictable monthly costs. This innovative, fully managed model drives down capital IT expenses while ensuring your employees experience the latest technology to keep them secure and productive.

Warranty Extension

This fixed-term, fixed-cost service helps you accurately budget for PC expenses, protect your investment, and lower the cost of ownership over time.¹

Lenovo CO₂ Offset Service

Make offsetting carbon emissions simple and within your control. You can use this service to compensate for environmental impact based on realistic emissions over an average product lifecycle. It is offered as an option at point of purchase, with tangible proof of CO₂ emission that offset.
