- The final specification is the actual product based.
- Features and functions may be added or changed after the manual was written. Please visit our website to download the latest version of manual for reference.

CE FC RoHS

① Installation

Console Connection

1. Plug a monitor into the Console's Video port; plug a USB keyboard and a USB mouse into the corresponding USB ports on the Console.
2. For the model with standard audio feature, plug a set of audio jack from the speaker and microphone to the Console's speaker port and microphone port respectively.
3. Plug USB peripherals into the port USB 1 and/or USB 2 on the Console side if needed

Computer Connection

1. Use a male-to-male/ female video cable (depends on models) to connect both video ports on the computer and the unit's PC side.
2. Use a USB A-B Cable to connect the unit's USB port (B connector, square connector) and the USB port on the corresponding computer (A connector, flat connector).
3. For the model support audio feature, use a set of audio cable to connect the speaker port and microphone port between the computer side of the unit and the corresponding computer.
4. Plug the power adaptor from an appropriate DC power source to the switch power port

② Hotkey Control

Key Sequence	Function
L-Ctrl + L-Ctrl + 1 - 4	Selects the computer at port 1 - 4 (depending on model)
L-Ctrl + L-Ctrl + F1	To start Auto Scan
L-Ctrl + L-Ctrl + F2	To start Manual Scan : Allows users to manually switch back and forth between power-on computers. Press the ▲ or ▼ key to select the previous or the next computer
L-Ctrl + L-Ctrl + F3	To adjust Scan Rate: The KVM Switch generates 1 to 4 beeps indicating duration of scan time for 3, 8, 15 and 30 seconds respectively.
L-Ctrl + L-Ctrl + F7	To turn ON/OFF the USB-Port Rule

NOTE: Do not use the keypad on the right of the keyboard.
