Screen Protector with blue light filter	<p><i>[Short & to the point]</i> We keep saying it: the most sustainable phone is the one that lasts. While the Fairphone 4 display is already tough by itself, this 9h tempered glass screen protector gives it an extra layer of durability, literally.</p> <p><i>[Longer & branded]</i> We're on a mission to help your Fairphone 4 last as long as possible! Our screen protectors are designed to do just that. The 9H tempered glass is highly durable, providing excellent scratch resistance and even protecting against low-level drops. A special surface coating reduces fingerprints, and the curved edges round out the discrete design. Our screen protectors come in two filter-versions (blue light & privacy); both are easy to apply and remove.</p> <p>This screen protector filters out blue light to offer triple the protection: It protects your screen from scratches, protects your eyes from strain, and protects your sleep while maintaining your screen's colors.</p> <p>Made from Accessory Glass 2 by Corning® material.</p>
Screen Protector with privacy filter	<p><i>[Short & to the point]</i> We keep saying it: the most sustainable phone is the one that lasts. While the Fairphone 4 display is already tough by itself, this 9h tempered glass screen protector gives it an extra layer of durability, literally.</p> <p><i>[Longer & branded]</i> We're on a mission to help your Fairphone 4 last as long as possible! Our screen protectors are designed to do just that. The 9H tempered glass is highly durable, providing excellent scratch resistance and even protecting against low-level drops. A special surface coating reduces fingerprints, and the curved edges round out the discrete design. Our screen protectors come in two filter-versions (blue light & privacy); both are easy to apply and remove.</p>

Our privacy screen protector serves double duty to keep your display in pristine condition while also ensuring that no one can sneak a peek on your screen. Super-spy type stuff.

Made from Accessory Glass 2 by Corning® material.
