ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

ARTICONA 75 Interactive Display

Article number: 4732488

The ARTICONA 75 Interactive Display is a touchscreen with a generous screen size of 190.5 cm (75.0") and a UHD resolution of 3,840 \times 2,160 pixels. With a contrast ratio of 1200:1 and a brightness of 400 cd/m2, this display delivers sharp images and vibrant color reproduction. The backlighting is provided by Direct LED technology for optimal picture quality.

The touch technology is based on Infrared (IR), enabling precise and responsive touch control. This display offers a wide range of connectivity options, including HDMI 2.0, HDMI 2.1, DP 1.2a, VGA, and more. Additionally, there are numerous USB ports and RJ-45 connections for extensive connectivity options.

This interactive display operates on the Android 13 operating system and offers a variety of features, including whiteboard software and eShare Pro for wireless sharing. The ARTICONA 75 Interactive Display is the ideal solution for presentations, training, and interactive applications in businesses and educational institutions.

Package Contents:

- 2× Stylus
- · Remote Control
- Mount
- HDMI Cable
- USB Type A USB Type B Cable
- USB Type C Cable
