

Hama "MIC-USB Allround" Microphone for PC and Notebook, USB

Microphones | Deskop Microphone

00139906

- Enables voice over IP, e.g. Skype, MSN, Yahoo
- On/Off button allows the microphone to be muted instantly
- Tilt adjustment allows the position to be adjusted for greatest comfort
- Clear audio recordings for universal use, e.g. Live Messenger, online games, chats, Skype and voice-controlled applications
- Suitable for mobile as well as hands-free applications, ideal for everyday use, but thanks to the exceptional sound quality also for speech and song recordings
- Secure position thanks to stable tripod with adjustable inclination
- Ergonomic shape fits pleasantly in the hand
- Suitable for all notebooks and PCs thanks to USB connection
- 2-metre-long cable ensures sufficient freedom of movement at the desk, workstation and when filming video
