

## WLAN Camera

00176566 1080p WiFi camera, w/ app, motion sensor & night vision fctn, indoor

### Highlighttext:

- WiFi camera with motion detection, night vision and two-way audio (hearing and speaking) for monitoring sensitive areas indoors or for use as a baby monitor. Security via the app day and night
- For integration into your own WiFi network via the free Hama Smart Home" app
- For the mobile monitoring of the home, pets, babies, etc.
- Motion detection: when it detects a movement, the camera automatically starts recording and can optionally send a push message to the smartphone
- Audio detection with 2-stage adjustable sensitivity (high/low): when it detects sound, the camera does not record, but can optionally send a push message to the smartphone
- Can be controlled while out and about via the app
- With built-in microphone and loudspeaker, allows communication with the family, baby and pets, ideal also for people with additional care needs
- Multi-user-compatible, multiple users can access the camera simultaneously
- Works without gateway/bridge
- With micro-SD card slot for memory cards up to 128 GB: suitable for extensive video recordings
- Real-time video via the "Hama Smart Home" app
- Cloud video storage available (chargeable)
- Compatible with Amazon Echo Show and Google Nest Hub
- Power supply via a micro-USB socket and the supplied power supply unit (optional Power Pack)
- For use indoors
- Can be mounted onto smooth surfaces using the adhesive pad included

### System Requirements:

- Operating system: Android 4.3 and iOS 8.0 or later

### Note for Consumers:

#### Amazon Alexa:

the required Alexa skill "Hama Smart Home" must be activated in the Alexa app. The user account for the Hama Smart Home app is then connected to Alexa.

It allows the video display of the WiFi camera to be shown when an Amazon loudspeaker with screen is being used.

#### Google Assistant:

the "Hama Smart Home" service must be activated in the Google Home app for this. The user account for the Hama Smart Home app is then connected to Google.

It allows the video display of the WiFi camera to be shown when an Google loudspeaker with screen is being used.

### Technical characteristics:

- Colour: White
- Product Division: Home & Living
- Shade of colour: White
- Signal Transmission: WiFi
- WLAN Standard: 802.11 n/g/b (150 Mbps/54 Mbps/11 Mbps)
- Frame rate: Max. 25 Pictures per Second
- Frequency Range: 2.4 GHz
- Memory Capacity: 128 GB
- Resolution: 1920 x 1080 (Full HD)

## WLAN Camera

00176566 1080p WiFi camera, w/ app, motion sensor & night vision fctn, indoor

- Storage Medium: CLOUD/SDHC Memory Card/microSD
- Wireless Encryption: WPA2
- Additional Functions: Night vision
- Angle of coverage: 110 °
- Integrated: Loudspeaker
- Sensors: Audio sensor, Motion Sensor
- Special Feature: Built-In microphone
- Voice Assistant: Amazon Alexa (AVS), Apple Siri (Shortcuts), Google Home
- Depth: 5.3 cm
- Height: 11 cm
- Width: 5.3 cm
- Power Supply: Power Supply Unit (5V)
- Recommended Use: Home Assistant

### Delivery:

- 1 WiFi camera
- 1 USB cable
- 1 power supply unit
- 1 quick reference guide
