DELL

First multi-protocol compatible active pen*

DELL PREMIUM ACTIVE PEN - PN579X

Flexible, multi-protocol compatibility

Compatible with all Dell 2-in-1s with Windows Ink display, the active pen can be used on various platforms which support Microsoft Pen Protocol (MPP 1.51), Wacom AES 1.0 and the latest Wacom AES 2.0 technology.
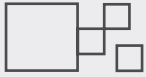

Natural writing and drawing experience

Create strokes of varying lightness or darkness, with low lag and detailed shading thanks to AES 2.0's 4096 levels of pressure sensitivity, 240Hz report rate and tilt support on Dell 2-in-1 notebooks that support Wacom AES 2.0 technology.

Customizable buttons offer convenient access

Customizable buttons on the pen allow you to quickly launch OneNote by clicking the top button and write notes even on a locked screen. Erase or launch the context menu with its side buttons.
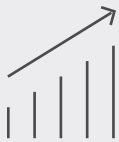

Multi-protocol compatibility

COMPATIBLE

Flexible, multi-protocol compatibility with all Dell 2-in-1s

The Dell Premium Active Pen features flexible, multi-protocol compatibility with all Dell 2-in-1s with a Windows Ink compatible display. The pen's multi-mode controller can be used across all protocol platforms- MPP 1.51 (Microsoft Pen Protocol), Wacom AES 1.0 and the latest Wacom AES 2.0 technology.

PRODUCTIVE

Customizable buttons enhance productivity

Quickly launch OneNote by clicking the top button and write notes (even on a locked screen), capture a screen shot, or activate Cortana. Efficiently erase or launch the context menu with the side buttons. Install Windows Ink Workspace to customize buttons to your needs.

NATURAL

Multi-protocol compatibility including AES 2.0 for a natural writing and drawing experience

The Dell Premium Active Pen is the first active pen that offers multiprotocol compatibility including AES 2.0*. Create strokes of varying lightness or darkness, with low lag and detailed shading thanks to AES 2.0's 4096 levels of pressure sensitivity, 240Hz report rate and tilt support on Dell 2-in-1 notebooks with Wacom AES 2.0 technology. Rest your palm comfortably on the screen when you work. You'll be safe from potential errors thanks to palm rejection technology.

CONVENIENT

Convenient and secure access

The magnetic pen securely attaches to the side of your 2-in-1 on supported Dell 2-in-1 notebooks, or you can use the included pen lanyard to tether it to your 2-in-1 on supported Dell 2-in-1 notebooks.
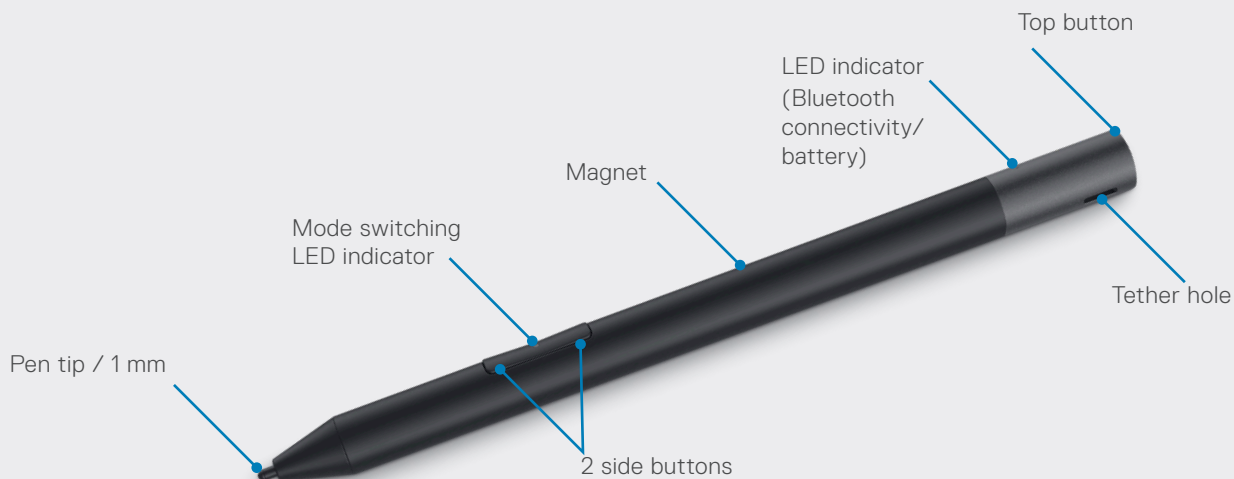

RELIABLE
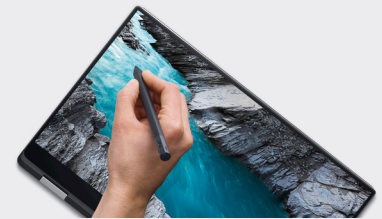

Worry-free battery life

Get started right away with easy to use Bluetooth 4.2 connectivity and be worry-free with a 12-month battery life** and 1 year limited hardware warranty.
