

Glass Screen Protector

00222736 "Super Hybrid" Mob. Ph. Prot. Gl. f. Apple iPhone 15 Pro, Mounting Tool

Highlightstext:

- The ultimate bodyguard for your Apple iPhone 15 Pro: the D3O-licensed, unbreakable mobile phone protective glass combines the advantages of tempered glass and protective film and therefore guarantees extremely strong display protection
- High-end protective glass with D3O® licence: this mobile phone protective glass guarantees shatterproof and shockproof impact protection with 9H hardness - for long-lasting display protection in all situations
- Unbreakable armoured glass for longevity: the flexible, indestructible material guarantees effective protection against scratches, impacts and shocks
- Full-screen coverage: the protective glass with black ultra-wide frame merges with the edge of the smartphone and offers complete protection for the front - from the display to the edges
- Resource-sparing production from recycled PET material: the display protector and backing film are made 100% from environmentally friendly rPET - which uses up to 50% less energy in production and generates only 33% CO2 emissions compared to conventional new PET products
- Recycled plastic: the EcoAdapter is made from 100% GRS-certified, recycled ABS plastic
- Three simple steps to display protection: clean the mobile phone display, secure the EcoAdapter mounting aid onto the charging socket, pop the mobile phone protective glass on top - done
- Precisely cut out: lasered with such precision that the cut-outs, e.g. for the camera, are minimised to guarantee maximum coverage of the display
- "Perfect touch" surface with anti-fingerprint coating
- A clear view: highly transparent ultra-clear material in HD quality for a perfect, undistorted view of the display
- Case-friendly: the special design means it fits all mobile phone bags, sleeves and cases
- Attaches in an electrostatic way, therefore no adhesive needed, can be removed without leaving any residue
- 100% compatible with fingerprint sensor: ultra-thin protective glass for easy fingerprint unlocking of mobile phones
- FSC-certified: the paper and cardboard used in our packaging comes from sustainable forest management - enabling us to take a resources-sparing approach to the raw material of wood
- And so the circle closes: this product is made up of at least 20% recycled materials, enabling us to take part in an eco-friendly cycle
- Antistatic microfibre cloth for cleaning the sensitive display
- High-tech real glass: just 0.22 mm thick
- Can be removed without leaving any residue

Note for Consumers:

We recommend renewing the finger print after attaching the mobile phone protection glass and increasing the touch settings on Apple phones and the touch sensitivity on Samsung phone.

Technical characteristics:

- Colour: Transparent
- Line: Super Hybrid
- Shade of colour: Transparent
- Material: RPET Flexiglas
- Model: Device Specific
- Mounting aid: EcoFrame
- Temper: 9H
- Protection Class: Without
- Recommended Use: Mobile Phone
- Smartphone: Apple iPhone 15 Pro
