## Lenovo X390 Yoga Privacy Filter

Article number: 4466307

**Protect important data and documents from unauthorised, prying eyes.**

This privacy screen helps to protect sensitive data and personal information, and in this way enables relaxed work while on business trips as well as in public places. Micro-slats darken the picture smoothly, without stripes and make it impossible for others to see texts or pictures on the display from the side. In addition, the film protects the display from dirt, scratches or fingerprints. The protective filter is easy to attach and just as easy to remove again.

- Precision-fit for Lenovo ThinkPad X390 Yoga
- Self-adhesive
- Supports touch functionality
- Cut out for light sensor and camera
- Smooth transition from clear to blocked view
- Protects documents and data from prying eyes
- Dirt-repellent and prevents damage
