

Solution brief

# Introducing Original HP Toner cartridges with JetIntelligence

## More. Pages, Performance, and Protection.

Give your business more professional-quality pages,<sup>1</sup> peak printing performance, and the added protection of anti-fraud technology—something the competition simply can't match.

### More pages—and more value—than ever<sup>1</sup>

Count on Original HP Toner cartridges with JetIntelligence to deliver up to 33% more professional-quality pages.<sup>1</sup> Help reduce costs with high-yield options and page maximiser technology. Consistently predict toner levels with print gauge technology, so you can be confident you're getting the most out of every cartridge you buy.

### Print at top speeds without sacrificing quality

HP ColorSphere 3 toner (for colour LaserJets) and precision black toner (for monochrome LaserJets) are specially engineered to match your printer's high-speed performance thanks to their low melting point. Engineered for faster, smaller printers that use less energy to print a page, these toners produce even more of the top-quality documents you expect from HP, at speeds your printer was built to achieve.

### Peace of mind with cartridge authentication

Built in to every Original HP Toner cartridge with JetIntelligence, HP's exclusive anti-fraud technology protects you from potential counterfeit cartridges. It authenticates the cartridge as it is installed and notifies you if a used or counterfeit cartridge is detected. It also helps you support fleet printing policies, so you can help your business manage costs and maintain high-quality standards.

### Protect your investment

Only Original HP Toner cartridges with JetIntelligence are precisely engineered for your HP LaserJet printer or MFP—so you can spend less time troubleshooting device problems and more time on what matters most to your business.

## More Pages

Original HP Toner cartridges with JetIntelligence are re-engineered for higher ISO yields and more dependable toner level status.

### Page maximiser technology

- Up to 33% more pages per cartridge than previous generations of HP toner cartridges<sup>1</sup>
- Smaller, more robust parts<sup>3</sup>
- Less cartridge wear<sup>3</sup>

### Print gauge technology

- More dependable gauges<sup>4</sup> to ensure you get the most prints possible from your cartridges

## More Performance

Reformulated toners that support more pages<sup>1</sup> in a smaller, faster printer that uses less energy to print a page.<sup>2</sup>

### ColorSphere 3 toner

- Low melt core = faster print speed and HP legendary quality
- Hard shell = durable toner for higher yields

### Precision black toner

- Spherical shape = more pages, sharp text, bold blacks and crisp graphics
- Encapsulated design = less energy; enables faster print speed

## More Protection

Enhanced, secure communication between Original HP cartridges and printers helps you get the quality you paid for and avoid potential problems.

### Anti-fraud technology

- Helps you identify the difference between Original HP and used or counterfeit cartridges
- Supports policies you set for your printing fleet

### Auto seal removal

- Skip a step—the toner seal is automatically removed for you
- Get right to printing without delays
