

ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

39.6 cm (15.6") Sleeve Black

Article number: 4659782

The ARTICONA Sleeves protect your notebook/tablet in a simple, effective way and are particularly light.

Available in 5 sizes and 2 colours each.

These ARTICONA sleeves support the circular economy system by being largely made from reused, recycled PET.

The main material consists of 100% recycled material, more precisely R-PET polyester made from recycled PET bottles or recycled fibres from used clothing.

Depending on the size of the sleeve, 3 to 4 plastic bottles are reused to make one bag.

ARTICONA gives the plastic of the used bottles a "second life" by reusing this resource. As a result, the plastic bottles do not end up as waste in the ocean but are turned into sleeve. A second life to serve a good cause and protect your work equipment.

How recycled and dyed polyester, as used in this product, can itself be recycled and reused, so that the "third" and "fourth life" of the raw material can also be achieved, is still a matter of scientific research (July 2022).

With this ARTICONA sleeve, we are participating in the circular economy through the verifiable use of recycled materials, as far as it is currently possible.
