

Lenovo ThinkVision VoIP Stack

Modernize collaboration
with a smarter solution

EFFORTLESS VIRTUAL MEETINGS FOR EVERYDAY PRODUCTIVITY

Take virtual meetings to a whole new level with the Lenovo ThinkVision VoIP Stack that is built to deliver superior collaborative experiences for your teams, no matter where you work from. This new modular stack incorporates neat, linear design features that seamlessly fit in with the ambience of your workspace, enhancing its ergonomics. Modern remote workers who engage in frequent video conferencing can make the most of their collaborative opportunities with privacy controls. This stack design integrates the ThinkVision MC60 Monitor Webcam and ThinkVision MS30 Monitor Soundbar, making adapting to everyday hybrid working a breeze. Stay in control of your workday with a host of adjustability features—perfect camera angles, comfortable height, superior sound quality, and advanced security features. The whole VoIP solution combines built-in smarter features with ThinkColour software support and a flexible, clutter-free design to help elevate your productivity.

Lenovo

PURPOSEFUL FEATURES FOR NEXT-LEVEL MEETING EXPERIENCES

Make any place your workspace

Experience flexibility at work with the ThinkVision VoIP Stack. The plug-and-play VoIP solution is made to suit your remote collaboration needs. Get a streamlined, inspiring work environment with instant starts to your meetings and stay at your productive best, anytime, anywhere.

Clutter-free connectivity with ThinkVision Monitors

Say goodbye to the clutter and the mess of multiple cables. The new modular stack connects directly with your ThinkVision monitor USB-A port, so getting into a quick meeting is easy, without the rush of having to tidy up.

Adjustable features that support a busy day

Get the flexibility to customize your Lenovo ThinkVision VoIP Stack based on your work requirement. Independently use the ThinkVision MC60 Monitor Webcam for video calls or the ThinkVision MS30 Monitor Soundbar for audio-only meetings. Alternatively, combine the camera and speaker to get a holistic VoIP meeting solution. Adjust the height of the ThinkVision VoIP stack with monitor for comfort and ease of use.

ThinkVision MS30 Monitor Soundbar

Uncompromised
audio quality for
ThinkVision monitors

The ThinkVision MS30 Monitor Soundbar delivers crystal clear and quality sound directly from the front 2 x 2W speakers, so your virtual meetings and classroom experiences are always rich. Its sleek, modular design with less than 30 mm in height is free of cable clutter and pairs perfectly with your ThinkVision P and T Series monitors. It has a Security Lock that keeps it safe from physical theft once connected. Lenovo ThinkColour software enables convenient display features for a stress-free experience.

Lenovo

SMART AUDIO FOR WORLD-CLASS COLLABORATION

Superior sound for effective meetings

The ThinkVision MS30 Monitor Soundbar offers an economical way for a high-quality speaker to do what it was designed for—deliver perfect sound. Simple front delivery allows you to listen well, as compared with speakers that face away or the ones that are mounted sideways. The front-facing 2 x 2W sound experience is perfect for virtual meetings and online classroom sessions.

Go cableless with ThinkVision P and T Series displays^①

The ThinkVision MS30 Monitor Soundbar is the perfect partner for your ThinkVision monitor. Its sleek, cableless design keeps your work area clutter-free, good-looking, and always ready for collaboration. In-built anti-theft functionality with Security Lock helps ensure your system integrity remains intact.

Innovative and easy-to-use audio settings

The ThinkVision MS30 Monitor Soundbar speaker is extremely simple to operate and is designed for compatibility with your ThinkVision P and T Series^① monitors. Lenovo's ThinkColour software incorporates display features, enabling easy-to-adjust audio output quality for effortless collaborative sessions.

ThinkVision MC60 Monitor Webcam

Amplified video output
for everyday meetings

Lenovo

Take your virtual meetings to the next level. The ThinkVision MC60 Monitor Webcam is an intuitive webcam that offers the most stunning video quality—full 1080p resolution designed to fit on your monitor seamlessly. Capture your best perspectives with different FOV angles of 65/78/90 degrees, autofocus features, and smart controls for seamless collaboration. The ThinkVision MC60 Monitor Webcam is designed to cancel out ambient noise with directional signal transmission technology that optimizes the microphone between private and conference modes to give a tailored audio experience. Its built-in, high-sensitivity dual mics capture clear voice inputs from up to two meters away. Advanced security features such as the privacy shutter and anti-theft functionality ensure privacy protection when you need it the most.

COLLABORATIVE PERSPECTIVES FOR THE NEW WORKPLACE

Superior resolution. Thoughtful design.

The ThinkVision MC60 Monitor Webcam allows you to select your best camera angle with different FOV angles of 65/78/90 degrees and adjustable height settings that help you capture your best views and still maintain your privacy. The 1080p IR+RGB camera and large 1/2.9-inch sensor size sensor combined with smart functionality controls to enhance the appearance of your face and adjust the lighting to help you always look your best. Moreover, its compact form fits super comfortably into any workspace. It does away with cable clutter while its lift expansion structure fits perfectly into your monitor's USB-A slot.

Smart appearance. Efficient meetings.

Waste no time logging into sessions, thanks to Windows Hello secure login. Look your sharpest with the Autofocus camera. Cancel ambient noise with the latest noise-filtering technology, so your audience hears every word you say without distortion. Further enhance your meetings with Smart Traffic Light that warns people around you that you are on a call, so they won't interrupt you.

Worry-free, secure collaboration

Stay in control of your contribution to meetings with the handy Audio Mode Switch, so your audience only hears what you want to say to them. Your privacy is in your hands, thanks to the webcam's physical shutter that physically blinds your camera—especially helpful when you are working remotely. Additionally, the anti-theft functionality helps secure the camera with a physical key.
