

CONFERENCE WITH CONFIDENCE— ANYWHERE

BENEFITS

- Get plug-and-play convenience with easy USB connectivity that transforms your computer into a wideband audio speakerphone
- Hear and be heard with exceptional audio quality and voice pick up, thanks to a 360° microphone
- Use simple, intuitive controls that let you answer and end calls, mute and control call volume easily
- Microsoft Teams version to support an easy collaboration and communication with a dedicated Team button for instant access to the Teams App

CALISTO 3200

Want to hear and be heard on every call—whether you're working at home, remotely or in the office? Here's how. With the personal, portable Poly Calisto 3200 speakerphone. With higher-quality audio than your phone or computer can deliver, it elevates every call. Count on richer, clearer voices—even up to ten feet away from your speakerphone—with our unique 360° microphone. It's easy to stay in control of calls, with simple controls and a dynamic mute alert. Convenience is built in, too, with reliable USB connectivity, integrated cord storage and a handy travel case. Get ready to conference with confidence.

- Multi-language voice alerts
- Dynamic mute alerts if you talk while muted
- Compact and portable for easy use anywhere
- Global Poly service and two-year limited warranty
