

Evolution4 Small Wireless

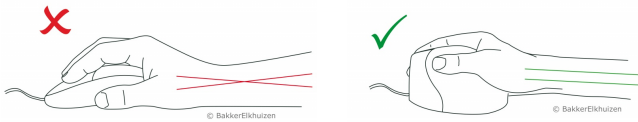

Ergonomic: supports your hand in a fully upright neutral handshake position that eliminates forearm twisting

Small version: for hands less than about 7 inches or 178mm long from the tip of the middle finger to the wrist crease

Unique: short habituation time

Version 4 improved shape: better thumb and finger support

Version 4 convenient adjustment: of pointer speed

Research

Unnatural postures are a risk factor for development of complaints of wrist and forearm (Karlqvist 1994, Jensen 1998, Hagberg 1994). When the mouse is positioned closer to the body the strain of shoulders and neck decreases (Armstrong 1995, Cook 1998). Productivity is lower when using a trackball and touchpad, standard mice and pen tablets enable a higher productivity.

Specifications

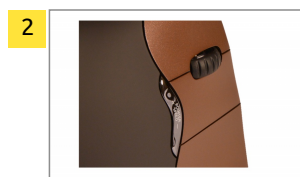

Dimensions: 105 x 71 x 81 mm (W x D x H)

Product code: BNEEVR4SW

1. Neutral wrist position

2. Adjustable pointer speed
