

SD Memory Card

00123997 SDXC 256GB Class 10 UHS-I 80MB/s

Highlightstext:

- Removable storage medium allows data to be written and erased as many times as needed
- For real-time/broadcast recording; allows fast and direct data transfer between a memory card and a UHS-I capable terminal device
- SecureDigital-Extended-Capacity-Card (SDXC), compliant to the SD-3.01 standard
- Especially suited for real-time Full-HD video and 3D video recording
- Mechanical write protection (against inadvertent deletion)
- Incl. labelling field for short notes

Note for Consumers:

Only suited for terminal devices with an SDXC slot, e. g. digital cameras, camcorders (not downward compatible to SDHC slots).

Every SD card is equipped with a mechanical write protection. The write protection can be deactivated by pushing the lateral lock upwards.
