# Thunderbolt™ 3 Dock

Thunderbolt™ 3 technology delivers top speeds, pixels, and power in a single docking solution, to turn a Mac or Windows laptop into a powerful workstation with a single Thunderbolt™ 3 cable (included). Supports both Thunderbolt™ 3 and USB-C, plus dual 4K 60Hz monitor support.\* This multiple compatibility for Thunderbolt™ 3 and USB-C laptops makes it ideal for a workspace in a meeting room or other shared work environment. The dock also supports 85W charging to power a connected laptop without a separate AC cable, as well as multiple peripherals via Thunderbolt™, DisplayPort™, USB-A, USB-C, Ethernet, SD, and audio ports.

\*USB-C laptops are supported at lower speeds than Thunderbolt™ 3.

### Product Benefits

1. Thunderbolt™ 3 means fast 40 Gbps transfer rates, up to 8K resolutions for a single monitor, and also supports single monitors @60Hz high-definition and up to 85W power through a single cable. For more detailed resolution capabilities, see table below.†
2. Universally compatible dock, ideal for multi-device environments; Windows and Mac compatible, as well as Thunderbolt™ 3 and USB-C compatible.
3. Dual 4K 60Hz monitor support via dedicated DisplayPort and the Thunderbolt™ 3 port. Also supports 5K 60Hz for a single monitor. See table below for specific resolution capabilities.†
4. 170W power supply unit supports 85W upstream charging to keep laptop charged without a separate AC cable.
5. Included 2.6 ft./0.8m Thunderbolt™ 3 cable for a more versatile desk configuration
6. Multiple ports support many kinds of peripherals including:

### Use Cases

1. Thunderbolt™ 3 adopter needing fast data transfer for large files
2. Mac or PC user looking to connect to dual monitors or one single high-definition monitor
3. Business owner looking for a single solution to equip a work environment containing USB-C and Thunderbolt™ 3 devices
4. Collective workspace owner looking for an OS and device-agnostic docking solution

Front of dock

- 1x USB-A 3.1 port for USB-A peripherals
- 1x USB-C 3.1 Gen 2 port for USB-C peripherals
- SD card foreader connects to SD without an adapter
- Audio in/out for mic and speaker support

Reverse of dock

- 4x USB-A 3.0 ports for keyboard, mouse, printer, or other USB-A peripherals
- Gb Ethernet for reliable, hardwired Ethernet connection
- DisplayPort™ connects to monitor/display
- Thunderbolt™ 3 port connects to monitor/display and Thunderbolt™ 3/USB-C peripherals
- Thunderbolt™ 3 port connects to laptop with included Thunderbolt™ 3 cable
- 85W upstream charging

†Specific resolutions for all monitor combinations follow:

## Thunderbolt™ 3 Dock

### The Belkin CONNECT Family Characteristics

- One-cable solution to connect essential peripherals to a computer
- Single solution to connect you to multiple peripherals
- Multiple ports provide fast, simultaneous connection
- Designed for portability to facilitate quick and easy workstation setup and takedown

### The Belkin CONNECT Family

CONNECT products are all about making connections. From cables that charge and share data, to docks that bring devices together for a more streamlined experience, CONNECT delivers data in the most efficient way possible, while maintaining the highest levels of quality. The very first product Belkin released to market was a cable, and we are proud to say that making connections has been an essential part of our story ever since.

### Compatibility

For  
macOS  
Windows®  
Thunderbolt™ 3  
USB-C™

### Package Includes

- Thunderbolt™ 3 Dock
- 2.6 ft./0.8m Thunderbolt™ 3 cable
