External Slimline CD/DVD Writer
with USB-C™ Connection

More and more notebook vendors choose to leave the optical drive out of their notebooks in favour of slim designs. Often, these notebooks replace bulkier USB-A ports with slimmer and faster USB-C ports. However, CDs and DVDs are still one of the most commonly used media types, especially for archiving all important data!

The Verbatim External Slimline CD/DVD Writer with USB-C™ connection provides the solution - this compact device is the ideal complement for your notebook, ultrabook, netbook or even PC. Use it to install your software or to create a back-up. The Verbatim External Slimline CD/DVD Writer is barely larger than a DVD and USB powered so no need for a bulky power adapter!

Key features:

- External Slimline CD/ DVD Writer with USB-C™ connection
