CHARGE IT, STORE IT, MANAGE IT

NoteCase 16 tablets

NoteCase 16 is a robust portable storage and charging solution for 16 tablets.

NoteCase 16 tablets is a small and robust case that fits well into a school and institutional environment. NoteCase is easy to carry, so that students can also help with moving up to 16 tablets, iPads or similar devices from one place to another, also up and down stairs.

NoteCase is suitable for carrying devices between buildings, floors or several addresses since it only weighs 9 kg.

There is integrated charging via NoteCharge USB A ports. The case's cabling system prevents the cables from getting lost.

SOLUTIONS

• Designed for storing, charging and carrying up to 16 tablets, iPads or similar devices.

• NoteCase is robust and easy to transport with wheels and a telescopic handle that makes it possible to use it like a suitcase.

• Handles on the sides and front make it easy to lift and move it.

• Charging is with maximum current, which ensures fast charging and protects the device's battery.

• The case has a cable management system that ensures that the cables do not get lost and are kept tidy.

• Hinges with an integrated key lock makes it possible to lock NoteCase, and ensures that the devices are stored securely.

• The ventilation holes on the door ensure that the devices do not overheat during charging.
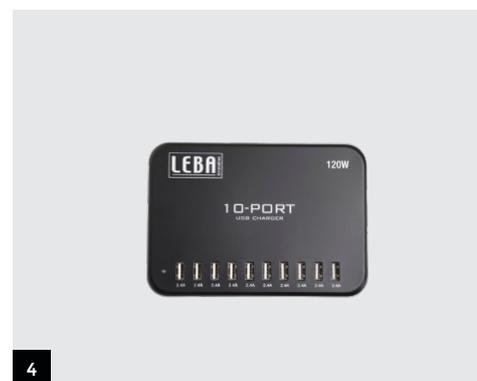

DEVICES

Tablets, iPads and similar devices

Accommodates tablets and iPads with covers up to 20 mm thick (see compartment dimensions on page 3).
