Footnotes

Messaging Footnotes

- ² Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. AMD's numbering is not a measurement of clock speed
- ³ Features and software that require a NPU may require software purchase, subscription or enablement by a software or platform provider, and third party software may have specific configuration or compatibility requirements. Potential NPU interfering performance varies by use, configuration, and other factors.
- ⁴ Requires compatible display with USB-C* connection. Compatible display sold separately.
- ⁵ HP Wolf Security for Business requires Windows 10 or 11 Pro and higher, includes various HP security features and is available on HP Pro, Elite, Workstation, and RPOS products. See product details for included security features.
- ⁶ Sold separately or as an optional feature.
- ⁷ Optional feature must be configured at time of purchase.
- ⁸ Recycled plastic content percentage is based on the definition set in the IEEE 16801:2018 EPEAT standard.
- ⁹ Recycled metal is expressed as a percentage of the total weight of the metal according to ISO 14021 definitions for metal parts over 25 grams.
- ¹⁰ Recycling capabilities may vary depending on your location. Please refer to your local recycling program for detailed information.
- ¹ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 11 is automatically updated, which is always enabled. High speed internet and Microsoft account required. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>.
- ¹² Timing of feature delivery and availability varies by market and device. Requires Microsoft account to log in. See aka.ms/copilotpluspcs. Copilot is NOT available in China, Russia, Belarus, and embargoed regions Cuba, Iran, North Korea, Crimea.
- ¹³ Based on HP's internal analysis of commercially available desktop-class PCs with integrated AI acceleration (NPU ≥ 40 TOPS) and full PC components embedded within a keyboard chassis, as of product release date. "World's First" refers to the HP EliteBoard G1a (Nexus) being the only device to combine a high-performance NPU, enterprise-grade CPU, memory, storage, and I/O ports within a standalone keyboard form factor.
- ¹⁴ Sold separately or as an optional feature.
- ¹⁵ MIL STD 810 testing is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Any accidental damage requires an optional HP Accidental Damage Protection Care Pack.
- ¹⁶ Smart Sense requires the HP app and Windows 11 OS. Features may vary by platform.
- ¹⁷ Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 7 (802.11BE) functionality requires compatible Windows 11 OS, compatible processor, and separately purchased Wi-Fi 7 router to support backwards compatibility with prior 802.11 specs. Available in countries where Wi-Fi 7 is supported. The specification for 802.11BE is a draft specification and is not final. If the final specification differs from the draft specification, it may affect the ability of the device to communicate with other 802.11BE devices.
- ¹⁸ Wi-Fi* supporting gigabit data rate is achievable with Wi-Fi 7 (802.11BE) when transferring files between two devices connected to the same router. Requires a wireless router, sold separately, that supports 160MHz channels.

- ² Features and software that require a NPU may require software purchase, subscription or enablement by a software or platform provider, and third party software may have specific configuration or compatibility requirements. Potential NPU interfering performance varies by use, configuration, and other factors.
- ³ Due to the non-industry standard nature of some third-party memory modules, we recommend HP branded memory to ensure compatibility. If you mix memory speeds, the system will perform at the lower memory speed.
- ⁴ For solid state drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 36 GB (for Windows) of system disk is reserved for the system recovery software.
- ⁵ Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 7 (802.11BE) functionality requires Windows 11 24H2 which will be available starting from end of Aug./2024. A Wi-Fi 7 router, sold separately, Wi-Fi 7 is backwards compatible with prior 802.11 specs. Available in countries where Wi-Fi 7 is supported.
- ⁶ Wi-Fi 6E might be restricted by local regulation and only available in countries where Wi-Fi 6E is supported. HP will enable countries in the future by upgrading BIOS in default as the technology becomes available in more regions.
- ⁷ USB Type-C* Alt mode DisplayPort™ 1.2 with 65 W Power Delivery required selected HP display monitors with 65 W power delivery capability.
- ⁸ Spill-resistant, easy clean, full-size with numpad, backlit, top mount serviceable
- ⁹ pre-paired with PC, includes USB Type-C* dongle and 2 AAA batteries required for operation.
- ¹⁰ Optional feature. Country-specific duckhead adapter provided based on localization at time of configuration. Gallium Nitride (GaN) adapter.
- ¹¹ Based on US EPEAT® registration according to IEEE 16801:2018 EPEAT®. Status varies by country. Visit www.epeat.net for more information.
