Highlightstext:

- Comfort and protection in one tablet case: the universal tablet case protects your device from dirt, dust and scratches and, with the compact Bluetooth keyboard, is the perfect working tool for on the go
- Looks great and provides protection for the mini keyboard: folded up, the integrated sleeve protects the Bluetooth keyboard from dirt, dust and scratches and protects the sensitive keys, especially when on the move
- Handy protective case for the mobile keyboard: magnetic clasp for secure closure of the protective case - so it only opens when it should
- More comfort on the tablet with the removable keyboard: even more flexibility thanks to magnetic, removable keyboard - efficient and ergonomic working, wherever you want
- Powerful and rechargeable: the integrated lithium polymer battery in the wireless keyboard guarantees maximum flexibility
- Long-lasting and sturdy scissor keys: ideal for intuitive, fluid and quiet typing even at very high input speeds
- Activate with Fn: control multimedia functions via the secondary assignment of F keys - without having to use the tedious route of system settings
- Stand function for easy positioning of the tablet PC
- Compact and versatile: the 75% keyboard without number block saves space and, as a mini keyboard, meets all the requirements for mobile working on all devices, when studying, in the home office and also for life on the move
- The perfect fit of the rubber mount ensures secure attachment of the tablet
- To protect the tablet against dirt, dust and scratches as well as for comfortable writing
- The laser-printed keys on the wireless keyboard ensure excellent wear resistance
- Reliable Bluetooth technology with a range of 10 metres (depending on conditions of use and environment)
- Pair the keyboard with a Bluetooth device and get typing: no driver installation required
- Separate On/Off switch for the wireless keyboard
- Standby mode after 10 minutes of inactivity of the wireless keyboard
