

Charge 'n' Go Qi2 Power Bank

PN: 32294, 32295, 32296

The Verbatim Charge 'n' Go Qi2 Power Bank delivers 5,000 mAh or 10,000 mAh of portable power in a compact design that can charge up to four devices simultaneously—a phone (up to **15W**), earbuds (**3W**), and a Apple Watch (**2.5W**) plus another device via USB-C. Magnetic alignment works seamlessly with MagSafe-compatible iPhones and Qi2-ready devices; Android users can enjoy the same convenience with a magnetic case or ring. When you need wired speed, the USB-C port supports USB Power Delivery 3.0 with PPS and Quick Charge 3.0—up to **20W** on the 5,000 mAh model or **30W** on the 10,000 mAh model. A built-in foldable stand props your phone in portrait or landscape for calls, videos, and recipes—then folds flat to slip in your pocket. With bi-directional USB-C (charge-in/charge-out) and six safety protections including FOD and thermal safeguards, it's a dependable, travel-ready power solution.

- 3-in-1 magnetic charging** : Wirelessly power a phone (up to 15W), earbuds (3W), and a Apple Watch (2.5W) at once—ideal for travel and daily carry.
- Qi2 & MagSafe-compatible** : Magnetic alignment for iPhone (MagSafe-compatible) and Qi2 devices; Android phones can use a magnetic case/ring for similar convenience.
- USB-C fast charging** : PD 3.0 with PPS & QC 3.0 via the USB-C port; up to 20W (5,000 mAh) or 30W (10,000 mAh) model-dependent.
- Foldable stand, hands-free** : Built-in stand supports portrait or landscape viewing while charging; folds flat to pocket easily.
- Bi-directional USB-C & safety** : One port for charge-in/charge-out plus 6 safeguards (FOD, OCP, SCP, OVP, OVP-charge/UVP-discharge, OTP) for safer, reliable power.

*15W wireless charging requires a compatible device/standard; phones without magnetic alignment may require a magnetic case/ring.
