ViewLite Monitor Arm 142

The 142 is designed for dual monitor applications. The arms are individually height adjustable, allowing monitors to be perfectly aligned, even when they have a different size or weight. This particular configuration has four extensions, meaning both screens can be adjusted independently. It is therefore possible to use the setup for face to face configurations as well.

- Step-less height adjustment over 440mm
- Step-less depth adjustment over 450mm
- Suitable for quad monitors
- Comes with both bolt through desk and desk clamp
- Suitable for desktop thicknesses of 5-40 (clamp) 50 (bolt through)mm
- Rotate 360°, tilt +90°/-55°, swivel 360°
- Easily mounted and adjusted
- VESA: MIS-D 75 x 75/100 x 100mm compatible
- Includes advanced and practical Quick Release VESA system
- Max. weight capacity 8kg/monitor (up to 24"/24"W)
- Main components produced from aluminium
- Integrated cable management
- Adjustable monitor rotation lock
