

SCREENFORCE® TEMPEREDGLASS PRIVACY ANTI-MICROBIAL SCREEN PROTECTOR

Protect your new smartphone and your privacy with a strengthened Tempered Glass screen protector. Engineered from high-quality Japanese glass to absorb impact and prevent scratches. The protector also contains an antimicrobial agent to protect the screen from microbial growth.*

Throw your phone in your bag, or pocket with keys, and keep that fresh out-of-the box finish because your screen protector was awarded the highest possible score in scratch resistance (9H) and finished with an anti-fingerprint coating. All of this delivered with precision touch sensitivity and crystal clarity that maintain the look and feel of your screen. A flawless, bubble-free application is easy at home or in-store.

Product Benefits

- Engineered from high-quality Japanese glass to absorb impact and prevent scratches
- Full-screen privacy* in portrait mode keeps texts, emails, and sensitive content protected from prying eyes while landscape mode enables an unobstructed view of your screen for easy sharing
- Antimicrobial coating reduces 99% of bacterial growth on the product surface
- Precision touch sensitivity through intelligent glass composition that reacts like your phone's own screen
- Scratch resistance that's been awarded the highest score (9H) prevents scuffs and scratches from daily wear and tear
- Fully preserves your experience of using your screen
- Crystal-clear so you can see photos and videos as they're meant to be viewed
- Flawless application at home or in-store provides a bubble-free finish with no lifting
- An anti-fingerprint coating keeps your phone smudge-free
- Limited Lifetime Warranty (US & Europe). 2-Year Limited Warranty (rest of globe).

SCREENFORCE® TEMPERED GLASS PRIVACY ANTI-MICROBIAL SCREEN PROTECTOR

The Belkin ScreenForce Family

Maximum protection concentrated into the thinnest possible element. ScreenForce is engineered to look and feel like the phone screen it protects, preserving clarity and touchscreen sensitivity for a barely-there experience. Beneath the tactile, glass-like surface, this hard-hitting protector provides impact protection, scratch resistance, and enhanced durability to deliver long-lasting, resilient screen protection.

The Belkin Difference

- Pioneer in innovation and technology for over 35 years
- We partner with the best engineers in the world to make superior screen protection.

The Belkin ScreenForce Family Characteristics

- Provides impact protection by absorbing shock of impact to protect phone screen
- Multi-layer composition provides enhanced durability
- Tested using optometric standards to provide best-in-class crystal clarity
- Tested according to the pencil hardness test for superior scratch resistance
- Super-thin design provides protection without bulkiness
- Intelligent materials preserve touchscreen sensitivity
- Glass composition provides a tactile response that feels like the natural screen
- Precision-cut by machine to cover the maximum screen area for longer-lasting protection
- Anti-fingerprint coating repels dirt and smudges
