KVM Switch 4-port DP DualHead

Article number: 4297730

The modern KVM switch with ultra HD resolution 3840 x 2160 at 60 Hz (4:4:4). The device lets you operate multiple computers via a central console of keyboard, mouse and two monitors. Switching between computers is possible via keystroke on the KVM switch or a hot key key combination. The two DisplayPort connections for each PC is the ultimate solution for two monitor applications. The KVM switch also features a 2 port USB 3.0 hub for switching additional devices such as USB sticks, hard drives and printers. The four USB 2.0 ports switch HID emulation ensure excellent compatibility. Two USB ports (1x USB 3.0 and 1x USB 2.0) are easily accessible on the front. A DisplayPort connection cable is not included and must be ordered separately.

- Dual 4K DisplayPort KVM switch with ultra HD and 4K resolution at 60 Hz (4:4:4)
- Switch per key stroke or hot key.
- Built-in 2x USB 3.0 high speed hub (1x front, 1x rear)
- 4x USB 2.0 HID Ports for expanded USB compatibility
- No driver or software required
- Please note: DisplayPort cable is not included and is available separately
