various PD-enabled devices

The Belkin BoostCharge Family

A family of power products with fast charging in their DNA. Designed to integrate seamlessly into any environment to deliver fast, safe power at home, in the car or on the go. Smart circuitry detects the connected device to deliver optimal charging, while universal charging protocols such as USB-A, Lightning connectors and USB-C offer widespread compatibility.

The Belkin Difference

- Pioneer in innovation and technology for over 40 years
- #1 third-party maker of wireless charging accessories
- Extensive testing procedures guarantee quality and durability

The Belkin BoostCharge Family Characteristics

- Faster charging than standard 5W
- Widespread compatibility
- Portability
- Smart circuitry detects connected devices to deliver optimal charging
- Certified by relevant bodies for compatibility (examples include USB-IF, MFi)
- Connected Equipment Warranty up to \$2,500[‡]
