LATITUDE 7300 | 7400 LAPTOPS

Elevate your work status

WORLD'S SMALLEST PREMIUM BUSINESS-CLASS NOTEBOOKS+

Our most up-leveled Latitude, available in a premium carbon fiber weave or stunning aluminum in both sizes. Up to 6% smaller footprint than the previous generation. Get the most expansive viewing experience in the most compact size. Display options include13" and 14" HD plus FHD options with antiglare. To top it off, we've moved to water-based paint to reduce toxic emissions.

GET TO WORK FASTER

Quickly get to work with the redesigned one handed-open hinge. One less password to remember when signing on with either the fingerprint reader on the power button or IR camera plus Windows Hello. The FHD Super Low Power panel option combined with Dell Power manager can optimize battery performance. And if critically low, Dell's unique ExpressCharge allows for up to 80% full battery charge in an hour.

OUR FASTEST MACHINES YET

Dell pioneered ExpressConnect to intelligently find the best Wi-Fi access point, for less drops and lags. We also innovated a 4x4 narrow antenna solution, double the "ears" compared to 2x2, for better streaming, downloading and video conferencing with up to 233% improvement in WWAN speeds gen over gen with our 1.0 Gbps (CAT 16) option. *Moreover, the latest 8th Generation Intel® up to i7 4-Core™ vPro™ Processors increase productivity, manageability, and security for your business.

AN INTELLIGENT APPROACH TO MANAGEMENT

Digital SafeScreen option offers better power efficiency, color integrity and contrast ratio so you can see your work while others can't. A new camera shutter option further protects privacy. Dell provides the ultimate convenience of managing Windows 10 endpoints from one console with Dell Client Command Suite and VMware® Workspace ONE™ integration. Offering many ways to seamlessly sign on, SafeID protects end user credentials with optional fingerprint reader on the power button and the FIPS 201 Smart Card Reader - delivering fast, multi-factor authentication from the world's most secure PC portfolio. Furthermore, Dell unique vPro extensions remotely manage and run diagnostics on a fleet of devices, whether they are powered on or off.

Recommended Accessories

LATITUDE 7300 | 7400 LAPTOPS

ON-THE-GO

DELL USB-C MOBILE ADAPTER | DA300

Connect your Latitude to almost any device with a convenient 6-in-1 compact adapter.

DELL PRO STEREO HEADSET | UC350

Hear every word clearly on your next call with the Dell Pro Stereo Headset, optimized to provide in-person call quality and certified for Microsoft Skype for Business.

DELL NOTEBOOK POWER BANK PLUS (18,000 MAH) | PW7015L

This lightweight and compact powerbank will keep your laptop or cellphone powered on-the-go without adding bulk to your bag.

DELL PREMIER SLIM BACKPACK 15 | PE1520PS

Keep your devices and other office essentials securely protected within this stylish travel companion, made using earth-friendly dyes.

DELL PREMIER WIRELESS MOUSE | WM527

Enhance daily performance and productivity with this elegantly designed wireless mouse.

AT THE DESK

DELL THUNDERBOLT DOCK | WD19TB

Connect your Latitude to almost any device with a convenient 6-in-1 compact adapter.

(April 2019) Dell Thunderbolt Dock WD19TB is to be used with Thunderbolt-compatible systems. Dell Dock WD19 can be used with with non-Thunderbolt systems.

DELL DUAL MONITOR STAND | MDS19

This space-saving stand, mounts up to two 27-inch monitors, providing the screen real estate you need to be most productive.

DELL ULTRASHARP 27 MONITOR | U2718Q

The world's first 27" 4K monitor with InfinityEdge that supports HDR content playback. See stunning colors and details on a virtually borderless display.

DELL PREMIER WIRELESS KEYBOARD AND MOUSE | KM717

Enhance productivity and enjoy its elegant design that will fit into almost any workspace. For increased productivity you can simultaneously pair up to two compatible devices with Bluetooth LE.

Built for business

Dell Technologies Unified Workspace

Dell Technologies Unified Workspace is the most comprehensive solution to deploy, secure, manage and support virtually all devices from the cloud. We designed this revolutionary solution with intelligence and automation providing you with visibility across the entire endpoint environment. We help you save time, improve user experience, optimize resources and strenthen security.

DEPLOY

Our modern deployment solution, ProDeploy in the Unified Workspace allows you to revolutionize the way deployment gets done. By spending just one hour for set up, IT can then hand deployment to Dell and have preconfigured systems shipped directly to the end users--wherever they are.

SECURE

Dell Endpoint Security for the Unified Workspace helps you manage growing cyber risks while embracing workforce transformation. With Dell SafeGuard and Response powered by Secureworks, you gain actionable insight to help you quickly and efficiently prevent, detect and respond to cyber-attacks - keeping your environment free from harm.

MANAGE

We integrated our hardware management solution Dell Client Command Suite with VMware Workspace ONE, allowing you to take advantage of unified endpoint management (UEM) and manage the firmware, operating system and applications for all devices from the Workspace ONE console. UEM simplifies the management of the entire environment saving IT time from having to work between separate consoles for PCs and phones.

SUPPORT

ProSupport Plus continues to be the only predictive and proactive support in the market. When compared to key competitors, ProSupport Plus with SupportAssist reduced time to resolve a failed hard drive with up to 11x faster time to resolution[*]

---

[*]Based on a Principled Technologies test report, "Spend Less Time and Effort Troubleshooting Laptop Hardware Failures" dated April 2018. Testing ommissioned by Dell, conducted in the United States. Actual results will vary. Full report: http://facts.pt/L52XKM
