

Transparent TrueClear Screen Protector for iPad Air 2

TrueClear™ Advanced Screen Protector for iPad Air 2 is the best screen protector available, engineered for strength and clarity and tested to meet optometric standards. The result is a crystal clear screen protector that keeps your screen safe from damage while still giving you an incredible screen experience.

Applying your iPad Air 2 screen protector is fast and easy. Start by cleaning your screen with the included cleaning wipe and dust removal film, then peel the overlay from its backing and place it onto your screen. Finish by using the included smoothing card to push away creases and bubbles.
