

SD4841P USB-C 10Gbps Triple Video Driverless Docking Station with 100W Power Delivery

Add up to 3 screens and so much more, quickly and easily.

K33557UK

Product Description

If you're looking for a driverless USB-C docking solution that offers triple video, 100W Power Delivery and data transfer speeds up to 10Gbps, then the SD4841P is for you. Simply connect it to any USB-C laptop running Windows 10 or later and choose the right connections and resolutions for your needs. The 10-in-1 design features plenty of ports for all your connectivity needs, while a zero-footprint mounting option and security cable lock slots let you maximise desktop space, reduce clutter and protect your investment. Free DockWorks™ software and a 3-year limited warranty.
