

Anti-Glare Filter for iPhone 8 Plus, self-adhesive

The filters reduce reflections caused by sunlight and protect the screen from scratches. The film adheres directly to the screen thanks to the use of a silicon layer.

The DICOTA screen protector takes care of various tasks: it protects the screen against scratches, reduces annoying fingerprint marks and is easy to attach. In addition, the high-resolution screen becomes anti-reflective, ensuring clear visibility. The screen protector is your first choice.

Specifications

Art.no.: D31459

EAN: 7640158666489

Weight: 0.002 kg
Material: PET
Warrenty: 2 years

Dimension: $69 \times 149.5 \times 1 \text{ mm}$

Characteristics

- High colour fidelity
- Clear view at all times
- Reduction of reflections
- Reduction of fingerprint marks
