

## Weather Station

### 00186380 "Premium" Weather Station with LED Colour Display and USB

#### Highlightstext:

- For digital weather monitoring via a colourful display with alarm clock
- DCF radio clock which automatically adjusts to the world's most accurate clock
- Shows the current phases of the moon - from new moon to waning moon
- Outdoor sensor with temperature and air humidity display
- Frost alarm is activated at temperatures between -1°C and +3°C and will wake you up in time for scraping ice off the car windows or for clearing the snow
- Displays indoor and outdoor air humidity
- Trend display for atmospheric pressure: rising, settled, falling
- Displays a weather forecast with six symbols: sunny, slightly cloudy, cloudy, rainy, snowfall, stormy
- Comfort display shows the condition of the room climate in 5 symbols: smiling face, happy face, neutral face, sad face, very sad face
- Touch sensor for comfortable activation of the backlight and snooze function
- The time zone can be set manually if the DCF time differs from that of the time zone
- Outdoor sensor with temperature display
- The barometer shows the atmospheric pressure, thus allowing you to accurately monitor changes in the weather
- Easy to view display as the backlight can be controlled via a power adapter in continuous operation
- USB connection with 1 A power supply for charging mobile devices

#### Thermometer:

- Display of indoor and outdoor temperature
- Trend display
- Max./min. data memory for temperature
- Can be switched between degrees Celsius and degrees Fahrenheit

#### Barometer:

- Air pressure changes over the last 24 hours (bar display)
