

## Projector trolley MAULpro

- **Highest stability and top quality**
- **Made in Germany, 3 years guarantee**
- **Sturdy:** High quality materials, robust application technique, designed by MAUL metal construction professionals
- **Safe:** Gentle lowering of the supporting plate by means of air-damp technology prevents stand from suddenly giving way
- **Sitting or standing use:** stepless height adjustment from 73,5 cm (sitting height) - 120 cm, platform can be tilted forward +10°
- **Sturdy:** Steel telescopic column, ext. Ø 6 cm
- **Star base Ø 61 cm, robust die-cast aluminium with 5 locking castors**
- Includes side shelf for projector, 933 30: With lead and triple socket for grounded round European plug
- Lead friendly: Parallel height adjustment of shelves, lead will not be overstretched
- Size of platform 35 x 50 cm (L x B), with stop angle, capacity approx. 30 kg
- Side shelf 30 x 30 cm, capacity 8 kg, for the right or left side
- Side shelf can be stored by folding upwards using magnetic clamp
- 39 cm distance between both shelves in horizontal position
- Safe blocking without effort by means of ergonomic clamping lever
- Durable: external column and foot are powder coated, the internal column is zinc plated
- Constructed with the experience of 100 years metal processing
- Laminated melamine resin surface, other surfaces on request
- Colour-Code 89: noble surface, anthracite-metallic-fine structure
- With side plate for projector and accessories: 3-way earthed socket outlet, 230 V, max. 2500W (GS, VDE) and red lead (compulsory), length of lead 3 m
- Guarantee: 3 years
