comfortable earbuds ever.

Active Noise Cancellation

With Silent Seal™ 2.0 that blocks
double the noise.³

Conversation Detection Clear Calling

Buds pause what you're listening
to when you start speaking.

Reduces background noise from
your calls.⁴

1 All listening times are approximate and were measured using music playback with pre-production hardware and software, with fully charged Pixel Buds Pro 2 and case, and other features disabled. Case is used to recharge Pixel Buds Pro 2. Charging times are approximate. Use of other features will decrease battery life. Battery life depends on device, features enabled, usage, environment and many other factors. Actual battery life may be lower. 2 Pixel Buds Pro 2 are designed to comply with a water protection rating of IPX4 under IEC standard 60529 when manufactured, but they are not waterproof. Water resistance is not a permanent condition and decreases or is lost over time due to normal wear and tear, repair, disassembly, or damage. Dry your Pixel Buds Pro 2 after exposure to any liquids. 3 Compared to Pixel Buds Pro. 4 Call quality depends on signal strength, environment, network traffic, and many other factors. Actual results may vary.
