# PSM socket modules – DK 7856.100

created: 08.07.2021 on [www.rittal.com/com-en](http://www.rittal.com/com-en)

## Product description

<b>Design:</b>	non-switchable
<b>Description:</b>	The modular system facilitates basic configuration of the racks, thanks to a vertical support rail with single-/3-phase infeed. The various socket modules to supply the active components may be snap-fitted into the support rail. The various modules, earthing pins, IEC320 etc. may be inserted into the support rail in any combination. This is easily achieved, even by non-electricians, thanks to the shock hazard protected plug & play system.
<b>Material:</b>	Section: Aluminium, anodised Socket inserts: Plastic (PA6 GF 30 V1)
